

THE NATIONAL NUMERACY NETWORK

2026 NNN Annual Meeting (Online)

CALL FOR PRESENTATIONS, LIGHTNING TALKS, PANELS, OR ROUNDTABLES PROPOSALS

November 6-7, 2026

(With Board Meeting on November 8, 2026)

Would you like to present or host a panel or roundtable at the 2026 NNN Annual Meeting (Online)?

This online meeting of the National Numeracy Network (www.nnn-us.org) attracts scholars to discuss new and enduring challenges related to teaching and promoting numeracy, quantitative literacy (QL), and quantitative reasoning (QR), at all levels. Our meetings are welcoming to scholars of all backgrounds, and we actively invite individuals and groups, particularly those new to NNN, to share their work.

Major topics for the meeting include, but not are not limited to:

- Post-secondary QL/QR courses for general or targeted student populations
- QL/QR as pathways to graduation or entry into STEM fields
- Quantitative reasoning centers, including organization, tutor training, and lessons learned
- U.S., Canadian, and international perspectives on QL/QR
- QL/QR through the lens of social justice and human progress
- QL/QR education and skills in the AI era

We welcome presentations for the suggested topics listed above (but other topics are welcome too!).

Types of Meeting Contributions:

1. **Presentation (25 minutes):** 20 minutes for presentation; 5 minutes for questions and comments.
2. **Lightning Talk (5 minutes):** Presenters share the seed of an idea or project in 5 minutes.
3. **Panel (50 minutes):** Panelists explore a topic, followed by a general discussion.
4. **Roundtable (50 minutes):** Lead a collaborative group discussion on a topic; this format emphasizes dialogue, not a presentation.
